

INFORMATION FOR PARENTS

Introducing 11 BEFORE 11

11 BEFORE 11 is our promise to all children across the REACh2 family: 11 exceptional experiences that will inspire and challenge our children.

Everything we do is about helping children develop the character traits that will help them thrive as they transition from Primary School and move on to the next phase of their education. We want every child to leave us with the ability to engage fully with the challenges of a secondary school life; both the curriculum but also the day-to-day reality of growing up and starting to discover who they are, what they are passionate about and what they are capable of.

THE PROMISES

10 Good Deeds

Being part of a caring community from an early age helps children appreciate that giving and supporting others can make their lives more enjoyable and rewarding. Seeing other people benefit from kind gestures will be immeasurable. Through the delivery of '10 Good Deeds', we want all our children to identify what is needed in their local communities and to work with their peers, parents and neighbours to bring these activities to life.

Caring Campaigner

We aim for children to value fairness and justice naturally, fostering compassion and responsibility. 'Caring Campaigner' harnesses their innate sense of fairness, encouraging them to address injustices. It emphasises every child's voice and offers film-making skills and school film premieres.

THE PROMISES

Create Something Amazing

This promise will give our children the opportunity to design and create something that will challenge and develop their aspirations. From creating something like a large sculpture as a whole school project, or developing a film or an app. This promise is something that will endure and could create a legacy in the school for years to come.

Cross a Border

For many children, leaving home to visit a foreign country is only possible if the school arranges it. This promise will help children become more independent, encourage them to explore, meet people from other countries, and learn to appreciate different cultures.

Culture Vulture

The Culture Vulture promise urges exploration of local talents and cultural richness. From choirs to galleries, diverse experiences await nearby. Live music and art spark passions and community bonds, enriching children's lives with meaningful connections and inspiring curiosity across cultures.

Flashmob

For many, performing in front of friends and family can be daunting; delivering the same performance to people you don't know represents a much greater challenge. Engaging in a Flashmob experience we want all children to step outside of their comfort zone.

Hiking Hero

Many children may not get regular opportunities to adventure in the great outdoors or face the challenge of climbing to a mountain peak. Through our 'Hiking Hero' promise, we want children to engage in enjoyable and challenging experiences through the exhilaration of hiking as far, or as high, as possible.

Make/Break a REAch2 Record

Throughout life, children will face many challenges, some of which will be in competitive environments. It is important that all our pupils have the confidence and skills to tackle these challenges and the opportunities to appreciate and enjoy the feelings of success in relation to their efforts. The delivery of 'Make or Break a Record' is designed to stretch our pupils imagination.

THE PROMISES

Messing About on the Water

Being confident in and around water is a vital life skill. In addition to keeping children safe it also unlocks a world of exciting opportunities and challenges. Through our 'Messing About on the Water' promise, we want children to have the opportunity to experience new activities and test themselves in ways they might not have imagined.

Perfect a Pitch

Nurturing children's entrepreneurial skills early is crucial. Teaching them to develop ideas, analyze costs, promote, and deliver fosters math, writing, and design abilities, as well as confidence. 'Perfect a Pitch' offers a real-world curriculum, promoting profit, loss, marketing, and communication skills, benefiting both students and local businesses.

Ride a Large Animal

Riding a horse (or other large animal) is an exhilarating experience for young children: rarely does a young person experience travelling at such a height and interacting so closely with such a large (and potentially formidable) animal.

Seeds to Supper

A good diet is key to a healthy life. We want all children to understand how food is grown and how tasty fresh food is to eat, to understand the nutritional value of food and what makes a good healthy diet. We want children to try new foods and be curious and inquisitive about the foods of different cultures. Having grown their own food it's important that children also have the skills and confidence to prepare their own meals.

Shake It Up Shakespeare

All of Shakespeare's plays tell a story in an enlightening and absorbing manner, captivating the reader. Children of all ages can benefit from reading the works of this literary legend whilst inspiring them to gain knowledge about past histories and enhance their imaginations. Shakespeare is an important part of their secondary education. Gaining confidence with Shakespearian language and concepts at this early age will make future learning much easier.

THE PROMISES

Sleep under the Stars

Looking up at a starry night sky is probably one of the most magical things that children can do. At some point, we have all wondered what it would be like to go into space and wonder what exists beyond our planet. We want all REAch2 children to unlock their adventurous spirit and to be curious about our amazing universe.

Wildlife Warrior

Now more than ever, we must care for our planet, starting in our own spaces. Teaching children conservation fosters responsibility and self-awareness. We aim to instill a passion for environmental activism, partnering with national campaigns like RSPB Garden Watch and The Big Bee Challenge, empowering schools and communities.

CELEBRATION OF 11 BEFORE 11 PROMISES

When children take part in an adventure, promise completion badges are available to recognise their achievement.

These can be ironed on or sewn onto 11 BEFORE 11 hoodie, zip up hoodie (zoodie), cap or beanie. Other merchandise is also available to buy, such as water bottle, T-shirts, apron and pin badges.

All merchandise purchased generates income directly for your child's school, all money raised goes towards funding the adventures.

11 BEFORE 11 merchandise is available to buy online, go to: www.totalclothingshop.co.uk/reach2
